

## COPE Health Solutions Earns Certified Data Partner Designation in NCQA Data Aggregator Validation Program

**Los Angeles, CA— June 20, 2024** — [COPE Health Solutions \(CHS\)](#) is proud to announce today that it has earned Certified Data Partner designation in the new National Committee for Quality Assurance (NCQA) Data Aggregator Validation program. Organizations that earn Certified Data Partner designation undergo a rigorous assessment. Validation activities include a virtual site review with staff interviews and a review of documentation, queries and systems.

Closing key gaps in care related to quality measures is an important aspect of every value-based payment (VBP) agreement and a critical success factor for health plans and providers. This designation validates CHS' processes for data extraction from clinical and health plan sources, assuring clients of data quality and accuracy to inform prioritized actions.

"Our dedicated team of experts are thrilled to achieve this important designation from NCQA. We look forward to continuing to partnering with health plans and providers to accelerate success with quality and financial performance, improving patient outcomes," says Allen Miller, Founder & CEO, COPE Health Solutions.
